

SMOKE SEASON POLICY 2022

❖ MONITORING POLLUTION LEVELS:

The Ministry of Natural Resources and Environment - Pollution Control Department (PDC) regional office in Chiang Mai is responsible for monitoring and disseminating to the public the air pollution information/forecast.

The Air Quality Index (AQI) and the Particle Matter (PM10) information will be gathered daily during peak air pollution season and, when there is elevated air pollution, conveyed to the school-wide community.

All references to AQI numbers in this policy are based on **AirVisual**:

<https://www.iqair.com/us/thailand/chiang-mai/nis-nakornpayap-international-school>

0-25	26-50	51-99	100-149	150 and Above
VERY GOOD	GOOD	MODERATE	UNHEALTHY FOR SENSITIVE GROUPS	UNHEALTHY

1. If the AQI is **below 170**, morning break and lunch will proceed as **normal**. Students can eat and play outside.

2. If the AQI is **170 and above****, there will be an announcement at approximately 9:30 AM and 11:45 AM (for Elementary) / 9:50 AM and 12:00 PM (for Middle & High School) notifying everyone about it being an **indoor break or indoor lunch**.

Disclaimer: Our procedures & indoor locations may be reviewed and modified as deemed necessary by the NIS Administration Team.

***The decision is based on the AQI monitor located on our campus. This AQI reading is in real time for NIS and will not be the same number as the AQI number that appears on the phone apps such as Air Visual.*
